

Granny's Cauliflower Salad

This is a salad that Jeremy's Granny use to make during the summer time for the family. It was a staple and had to be made in excess each time Uncle Bobby came to visit. The longer it sat in the refrigerator the better it tasted.

Salad

1 Head of Cauliflower (Broken Up)
1 Head of Iceberg Lettuce (Broken Up)
1 Large Onion (Sliced Small)
1 Pound Bacon (Fried and Crumbled)

Dressing

Mix in medium mixing bowl:

1 Pint of Mayonnaise
¼ - ½ Cup of Sugar
¼ Cup Parmesan Cheese (Grated)

Layer items and top with dressing (covering the entire salad). Cover and refrigerate (Over night is best). Toss at serving time.
